

This application allows the user to select either source 1 or source 2 using the RDL RC2-ST. When either source is selected, the selected source will fade up while the other source fades down

RDL PRODUCTS

| | | | | | | | | |
|---|-------------------------|------------------------------|-------------------------|--------------------------------|-------------------------|-------------------------------------|-------------------------|---|
| 1 | RC2-ST | Two-Channel Remote Control | RC2-ST | RC2-ST 2 Kanal Fernbedienung | RC2-ST | Control Remoto de Dos-Canales | RC2-ST | Contrôleur à distance deux canaux |
| 1 | ST-LCR1 | Logic Controlled Relay | ST-LCR1 | Logikgesteuertes Relais | ST-LCR1 | Relé Tipo "Logic Controlled" | ST-LCR1 | Relais Commandé par des Circuits Logiques |
| 1 | ST-MX2 | Universal Audio Mixer | ST-MX2 | Universeller Audio Mischer | ST-MX2 | Mezclador de Audio Universal | ST-MX2 | Mélangeur Audio à Deux Entrées |
| 2 | ST-RG1 | Ramp Generator | ST-RG1 | VCA Steuereinheit | ST-RG1 | Generador de voltaje | ST-RG1 | Générateur de Rampe |
| 2 | ST-VCA2 | Voltage Controlled Amplifier | ST-VCA2 | Spannungsgeregelter Verstärker | ST-VCA2 | Amplificador Controlado por Voltaje | ST-VCA2 | Amplificateur Contrôlé par Tension VCA |
